• Wholesale parts are sold at a fixed discount rate of 10% of manufacturers retail prices. A 20% discount is available based on larger quantity orders.

• **Certified Check** is the best form of payment, but we also accept credit cards, money orders, and PayPal. Fee may apply.

• If orders are processed more than once a week, we can set up a specific shipping day for your account. This will save you money on multiple orders.

• We are here to assist you free of charge. There is not a service fee from us to look up the parts for you. We want you to get the correct parts the first time. Please feel free to call and ask questions. Business hours are 9:00 - 6:00 central.

• Typical order time is 7 - 14 days, except on custom fabricated parts and frames. Expedited shipping is available.
